

Kansas Department for Children and Families
Monthly Family Income and Family Share Deduction Schedule for Child Care Services
Effective May 1, 2014

Families, may apply for DCF child care subsidy. This subsidy is based on the gross monthly income and size of the family. A Family Share Deduction (FSD) may be assigned to the family and is determined by using the chart below. This deduction is used to reduce the total benefit and the family then receives the net amount. This net benefit amount may not fully cover the cost of care. The provider charges the family according to their set rates, and any charges not covered by the DCF subsidy are the responsibility of the family to pay.

Notes:

1. There is only one deduction scheduled for all families.
2. The family's income must be equal to or under the "Income Limit" amount.
